Dear Hiring Managers

This is to inform you in that I am graduated from Ambo University with in BA degree in Accounting and Finance in March 13/2026G.C within 3.15CGPA and 51 National Exit Exam and I was interested in applying to your organization for Accounting based roles. I have taken very interested courses i.e theoretical and practical courses and obtained excellent grade throughout all courses. I can do any kind of job that relates to the courses which have taken when I was in university during my time at university, I gain internships with a few related to accounting company. I work well against deadlines and I have very good technical skills, very enthusiastic and motivated. I am very interested in working with your organization because it is very reputable, successful and work is high profile matters. I am also attracted to your organization as you launch the careers of many graduates every year. The trend is that graduates who work with you get an excellent start to their career.I provide my CV for your kind consideration from University and details of references.

Thank you for your consideration.

Yours sincerely
